Life can change in a blink of an eye. Stories can end and begin all in the same breath. The cherished memories we make along the way allow us to live in one moment one thousand times over. This newly constructed home is ready to be filled with those amazing memories that you'll want to live over and over again. Its classic charm invites you into a light filled space with all the coastal elegance you would expect from an island home.

The soft color scheme and lovely board and batten trim work guide you throughout the living, dining, and kitchen. The space lends itself to many furniture arrangements with a bright and open feel. The vaulted ceilings in the living room make the space feel grand while the shiplap on the island separates the dining and kitchen spaces in a coastal cottage way. The craftsman style doors and cabinets are cozy and relaxed with a touch of glam in the quartz counters and backsplash. Stainless steel appliances including refrigerator complete this gorgeous kitchen.

Quartz Countertops

Past the large pantry towards the back door to the screened in porch, you'll find the private owner's retreat tucked way in the back corner of the house. The lovely details continue with a tray ceiling accented with shiplap, a huge walk in closet with custom built in shelving and a luxurious bathroom. A frameless glass barn door slides seamlessly for you to enter the walk in shower tiled all the way to the ceiling. The double sink vanity is topped with that bright quartz and accented with more shiplap and pretty vanity mirrors and light fixtures. All of which sit on a gorgeous tile floor.
